

This Playground's Inspiration: **Brendan**

## **BRENDAN'S PLAYGROUND O' Fallon, MO**

***"A Place where limitations are forgotten and differences celebrated"***

---

Play is a critical part of the social, emotional, cognitive, and physical development of every child, especially for children with disabilities and life threatening illness; play is therapy - both physical and emotional, and more importantly, they need to interact and socialize with other kids.

**Unlimited Play** is a 501(c)3 non-profit organization that helps to plan, design, and build universally accessible playgrounds that allow all children - regardless of their abilities - to play together. Creators of Zachary's Playground in Lake St. Louis and Tree Top in Clayton, Unlimited Play's playgrounds have distinct features that surpass typical playgrounds.

Thousands of children and families will enjoy Brendan's Playground each and every year. Soon to be a destination place, organizations, schools, therapy professionals and other groups will venture from both near and far to experience this unique playground unlike any in our entire region.

**If You'd Like to Sponsor Joy, Give The Gift of Play.**

There is still time to put your name on this destination playground. What an ideal way to proudly display your support and commitment to the children of our community...
