BID NUMBER:	12-006	BID ISSUE DATE:	02/03/2012
BID DESCRIPTION:	OZZIE SMITH BLEACHER SHADE STRUCTURE		
BID OPENING DATE:	02/15/2012	BID OPENING TIME:	9:00 AM CST

As of 02/10/2012 there are two addenda below for this bid.

Addendum 2

The purpose of this addendum is to answer questions submitted as of 02/09/2012 that were missed in Addendum 1.

Questions:

1. The number of Sign & Sealed Engineered drawings are in a set of 6 per what I understand are state guidelines. Do you want one drawing per unit number selected? 8 structures, 8 drawings. 12 structures, 12 drawings? etc. Or one set will suffice for any number of units purchased since they are all the same structure?
 - a. **One sealed engineered drawing is all that is needed**
2. We offer a standard installation elbow where the cable is pulled tight at one location for the whole canvas, and another upgraded installation elbow which each corner/elbow has a built-in slide mechanism to ease the removal and installation. The specifications do not denote the later so should we offer it as an upgrade proposal?
 - a. **12 feet wide.**

Addendum 1

The purpose of this addendum is to answer questions submitted as of 02/09/2012.

Questions:

3. What is the width of the shade structure?
 - a. **12 feet wide.**
4. Does this bid include installation?
 - a. **No, this bid is for delivery of product only. Installation will be done by the City.**
5. For the five bids in one envelope notation, is that simply filling out the cost spreadsheet on page 19 thus having all five prices on one sheet?
 - a. **Yes, we will decide the final amount of the structures to be purchased. If seven can be received by the deadline of 03/31/2012 the remaining may be ordered 3-4 weeks later.**
6. Please clarify the embedded of surface mounting statement.
 - a. **Surface mount or embedded can be submitted on bid as long as the engineered drawing follow our specifications for snow load and wind gust criteria.**
7. Can you provide a photo?
 - a. **A photo is attached. This is located at the Ozzie Smith Ballpark.**
